The Civil Service Commission's comments on H.R. 2351 have been sent to the Agency by OMB for coordination. They have asked that we provide our views on the letter by 31 October. The short title of the bill indicates that it applies only to employees of the competitive service; however, the Commission's letter indicates the bill may also affect employees in the excepted service. Will you please review the letter and inform me if there are any inaccuracies or any other points we should bring to OMB's attention. One point I question is the third paragraph on the first page of the letter which implies that all Federal employees have the protections listed. I wonder if this should be limited to employees in the competitive service. I would appreciate your specific response on this point. Please respond by 24 October. Thank you.
